Product Design BFA 2011

78 credits required. Grade of "C" or better required in all major courses. GPA of 3.0 or better required in the major for BFA candidates. Upon successful completion of this program, students will be able to: 1. Describe, analyze, and interpret products within social, historical and theoretical contexts. 2. Apply the appropriate knowledge, skills, materials and technical processes, research methodologies and critical thinking to visual problem solving, three-dimensional form giving, market and user studies, and life cycle analysis in mass production. 3. Demonstrate manual skills of quick ideation sketching and model making, drawing, and digital skills of working with 2, 3, and 4D digital tools and other digital software relevant to product design. 4. Generate independent ideas and solutions through innovative use of materials and technology, greater efficiency, dematerialization and better adaptation to the natural environment. 5. Present a succinct, cohesive, critically edited and interpreted body of work. Additional notes: History of Art I and II do not count toward the LAS Core. If you are completing the Art History Minor, History of Art I and II (22-1101/22-1102) will double count toward both the major and the minor. No other courses will double count toward both the major and the minor.
