Photography BFA 2013

81 credits required.

Grade of C or better required in all major courses. GPA of 3.0 or better required in the major for BFA candidates. 60 earned credits or more required to apply for the BFA in Photography. Upon successful completion of this program, students will:

- Demonstrate the ability to produce photographic work consistent with high professional standards.
- Demonstrate an applied understanding of the visual grammar of photography and the ability to incorporate technical, formal and conceptual competencies in their creative work.
- Be able to articulate in verbal and written form the key technical, formal and conceptual issues in their creative work and the work of others.
- Be able to identify an area of personal interest and pursue self-directed projects that culminate in a cohesive body of work.
- Demonstrate a comprehensive understanding of the history of photography and contemporary photographic practice and be able to relate their work to this history and practice.
- Develop professional skills and practices appropriate to their area of interest.
- In a capstone experience, students will produce a substantial body of photographic work that elaborates a particular theme, idea, or professional area of practice.
